

NOT WANTED

FOR OLD BRIDGE MUA COMMISSIONERS

BRIAN CAHILL

JAMES ANDERSON

Both of these men have deceived the residents about the MUA in their political campaigns and flyers.

They have both lied about the MUA improperly awarding a painting contract. In fact, the contract was awarded to the appropriate responsible bidder, pursuant to law.

They have both claimed that the MUA not only acted irresponsibly but also illegally, despite the advice of the Town Council's Legal Representative.

They have both lied about the MUA's business practices!

Cahill lied while an MUA liaison to the residents!

Brian Cahill recently resigned from the MUA Board. Why? Will he seek or accept reappointment? What would be the reasoning, political gain?

What about Jim Anderson?

Jim will lose his healthcare benefits at the end of his term as Councilman. What will he do now?

It has been suggested by Councilman Alan Rosencranz that Anderson be appointed to the MUA Board so he can continue to get benefits there. Really?

In his 4 years as Councilman, Jim Anderson has collected upwards of \$120,000 in healthcare benefits and dental. And now he wants more!

Anderson has publically declared his wish to dissolve the MUA. Why? The MUA is financially sound and uses exemplary business practices in its operations. It constantly moves forward to improve the service it provides its customers. So why dissolve it?

Neither of these men deserve to serve on the MUA Board, or hold any public office.
